

2019 Class Descriptions

Week One: June 10-14

1-4th Grades

Title: Ooey Gooley Science

Grades (1st, 2nd, 3rd and 4th)

Instructor: Lynda Cole

Description: Ooey Gooley Science! Have a blast while creating mixtures that are slimy, ooey, and gooley! We will modify and mix various items to create the best slime possible! Maybe your favorite is with glitter, textured, or fluffy with surprises. Other items such as silly putty, playdough, and lava are just a few more things to add to our ooey gooley list of creations! Join me for a slimy great time!

Title: Christmas in June

Grades (1st, 2nd, 3rd and 4th)

Instructor: Kaitlyn Burke

Description: Help Santa and his elves deliver gifts to children across the world! Build parachutes, and catapults to launch presents, help elves on the shelf, and decorate the town with Christmas cheer! Christmas in June will make you merry and bright!

Title: Black Light Hip Hop

Grades (1st, 2nd, 3rd and 4th)

Instructor: Candy Richburg

Description: "Glow" ahead and join the fun! Design a costume, practice your dance beats, and put on a black light performance. All this, while glowing and having a funtabulous time!!

Title: Literacy with a Twist

Grades (1st, 2nd, 3rd and 4th)

Instructor: Kimberly Hernandez

Description: Come join us on a literacy adventure. We will make unicorn slime, cook pizzas and paint a rainbow fish. Have a blast with literacy.

Title: Poppin Paints & Whimsical Wonders

Grades (1st, 2nd, 3rd and 4th)

Instructor: Lyndsi Easterling

Description: Join us for a fun and magical getaway experience, where you will be able to create unique whimsical art projects to take home and share. This class includes canvas paintings, mod podge collages, chalking and other fabulous arts and crafts.

Title: Color Magic

Grades (1st and 2nd)

Instructor: Misty Walters

Description: Painting, Marbling, and Experimenting with Colors.

Title: Level Up with Math Games

Grades (1st and 2nd)

Instructor: Kacy Felice

Description: Level up with Math Games! Come and explore numbers by playing math games with friends! Use numbers in new ways, compete against your friends, and learn about some really big numbers.

Title: Cloudy with a Chance of Science

Grades (3rd and 4th)

Instructor: Alexis Davis

Description: Today's forecast: cloudy with {BIG} chance of science fun! We will be completing loads of exciting experiments while students discover the "how" and "why" behind them! Volcanoes, slime, and Root Beer Floats OH MY!

2019 Class Descriptions

Week One: June 10-14

1-4th Grades

Title: Crazy Math World

Grades (1st, 2nd, 3rd and 4th)

Instructor: Charlotte D. Miller

Description: Why be scared of Math??? Come have the time of your life having fun learning math by playing games, solving problems with shaving cream, and a little fun competition with other boys and girls. Come find out how to turn that fear into fun!

Title: Anyone Can Draw- Even YOU

Grades (1st, 2nd, 3rd and 4th)

Instructor: Sue Allen Pico

Description: Join us as we cartoon different expressions, animals, then brain storm how to draw whatever subjects we want! Younger students will complete at least one full scene cartoon and walk away with many ideas for writing short stories and illustrations. Older students will complete an "emotions & characters idea booklet" for future storytelling and illustrations. This will be a fun week full of a variety of cartooning and projects!

Title: Wacky Art

Grades (1st, 2nd, 3rd and 4th)

Instructor: Charlotte D. Miller

Description: Children to not move, think or speak in a straight line and neither does the imagination of creativity. So come one, come all to the wacky world or art where all kinds of fun stuff will be used to get your creative juices flowing. You will have fun discovering the artist inside of you. So come join me in the Wacky Art class this summer.

Title: Printmaking 101

Grades (1st and 2nd)

Instructor: Bonnie Stubber

Description: Have you ever wanted to create a piece of artwork but were afraid you couldn't. Printmaking is an easy way to learn to be artistic without actually having to draw or paint. We will create several different designs and pictures using printmaking techniques. If you are ready to explore and be creative come and join the fun of making pictures or designs by printing from blocks, Styrofoam and other household items. We will learn how to use different items that you might have at home to make printed artwork. LET'S GET CREATIVE!

Title: All Duct Out

Grades (3rd and 4th)

Instructor: Ellenor Burton

Description: This is not your daddy's tape!! Use all kinds of duct tape patterns to make some kool and creative things that your entire family will love. We will make things like wallets, purses, pencil holders and more. Come join me and let's get "All Duct Out"

Title: Weaving Landscapes

Grades (1st and 2nd)

Instructor: Jami Johnson

Description: Learn about painting a landscape and watching it come to life with the texture of weaving a tree onto it.

2019 Class Descriptions

Week Three: June 24-28

5-6th Grades Only

Title: Art (Arts Council)

Instructor: Bobbie Smith

Description: Native American Artist Norris Chee from the Navajo (Dineh) tribe of Arizona will share about his culture and upbringing as well as some history of the Navajo code talkers. Students will also do a project of wearable art. Airbrushing on a T-Shirts using their own designs or choosing from some that are provided.

Title: Ad Lib Academy

Instructor: Jennifer Wright

Description: Improv is a form of theatre where there is no set script and the content is created as it is performed. Making things up as you go can be challenging, but that's exactly how improv teaches its performers to listen, contribute, adapt, and ultimately gain confidence. The improvisational activities presented in Ad Lib Academy are designed to teach students basic and adaptive soft skills through fun and entertaining ways. It's never too early (or too late) to learn to think (and act) creatively!

Title: Fun and Learning in the Kitchen

Instructor: Terrie James

Description: Youth will have guidance and direction on kitchen skills from measuring wet and dry ingredients to temperature control and mixing up tasty recipes. The hands on learning experience will provide the participants a beginning exposure of what is needed to make items rise and bake golden brown breads. Recipes include pizza, cookies, cakes, and even cinnamon rolls.

Title: Printmaking 101

Instructor: Bonnie Stubber

Description: Have you ever wanted to create a piece of artwork but were afraid you couldn't. Printmaking is an easy way to learn to be artistic without actually having to draw or paint. We will create several different designs and pictures using printmaking techniques. If you are ready to explore and be creative come and join the fun of making pictures or designs by printing from blocks, Styrofoam and other household items. We will learn how to use different items that you might have at home to make printed artwork. LET'S GET CREATIVE!

Title: Tessellations, Puzzles and the Art of M.C. Escher

Instructor: Jami Johnson

Description: Do you love puzzles? Do you love art? Then you will love learning about the Art of MC Escher. This class blends Math and Art in learning how to make your own Tessellation.

Title: Wacky Art

Instructor: Charlotte D. Miller

Description: Children to not move, think or speak in a straight line and neither does the imagination of creativity. So come one, come all to the wacky world of art where all kinds of fun stuff will be used to get your creative juices flowing. You will have fun discovering the artist inside of you. So come join me in the Wacky Art class this summer.
